PROFESSIONAL SUMMARY

Motivated Full Stack Developer with hands-on experience at Vhilv Technology Pvt Ltd, specializing in PHP Laravel, MySQL, HTML, CSS, JavaScript, and backend application development. Strong foundation in PC operations, Python, GitHub, and AWS cloud concepts. Passionate about building scalable, efficient web applications and eager to leverage technical expertise while continuously learning and contributing to innovative IT solutions.

TECHNICAL SKILLS

Languages	: PHP (Laravel) • HTML5 • CSS3 • JavaScript • Python
Backend	: Core PHP • PDO • Model-Based PHP Architecture • MySQL / Admin SQL • Authentication & Role-Based Access Control
Frontend	: HTML, CSS, JavaScript • Responsive UI/UX • Cross-Browser Support
Database	: MySQL Design, Optimization & Secure Query Handling
Cloud (AWS)	: EC2 • VPC • IAM • S3 • DynamoDB • EPs • FSx • CloudWatch • CloudFront • RDS • Lambda
Cloud Concepts	: Cloud Architecture & Computing Fundamentals • Security & Identity Management • Cloud Cost Management
Tools & Technologies	: Git & GitHub • VS Code • phpMyAdmin • XAMPP / WAMP Server • CPanel & Hosting Deployment

WORK EXPERIENCE

Full Stack Developer | Vhilv Technology Pvt Ltd - June 16, 2025 – Present

- Developed full stack web applications using Core PHP, PDO, MySQL (Admin SQL), HTML, CSS, and JavaScript with model-based backend architecture.
- Built secure admin panels and dashboards handling data workflows, CRUD operations, and role-based access control.
- Designed and optimized MySQL databases with secure query handling for e-commerce and CRM style applications.
- Implemented e-commerce modules including cart, checkout, user login, and product management.
- Applied working knowledge of AWS cloud concepts, Git/GitHub version control, and hosting/CPanel deployment across projects.

KEY PROJECTS

Invoice & Business Management Web Application

- Developed a comprehensive Invoice & Business Management Web Application using Core PHP, MySQL, HTML, CSS, and JavaScript, featuring Dashboard, Quotations, Proforma Invoices, Tax Invoices, Sales, Purchases, Expenses, Customers, Suppliers, Products, and Reports modules.
- Built a powerful Admin Panel to manage users, role-based permissions, companies, multi-currency support, taxation, payment tracking, inventory, invoices, customer accounts, and financial reports with secure backend functionality.
- Implemented advanced features including multi-company support, GST/VAT handling, role-based access control, transaction management, payment status tracking, PDF invoice generation, responsive UI, and optimized database operations to streamline day-to-day business processes.

Fleet Management —Manual Mode Web Application

- Built a live admin dashboard visualizing real-time fleet telemetry, device health alerts, and location tracking using Core PHP, MySQL, HTML, CSS, JavaScript. Developed backend modules, database operations, and responsive user interfaces to monitor fleet activities efficiently.
- Designed high-frequency time-series database schema in MySQL, optimised for fast range queries on continuous sensor data streams
- Troubleshoot device-level connectivity issues, payload encoding mismatches, and network-layer failures across the hardware-to-cloud boundary

AriviyaPet Products — E-Commerce Website

- Developed Ariviya, a pet products E-commerce Web Application using Core PHP, MySQL, HTML, CSS, and JavaScript, featuring Home, Shop, Product Details, Categories, Search, User Registration/Login, Wishlist, Shopping Cart, Checkout, Order Tracking, and User Profile pages.
- Built a comprehensive Admin Panel with modules for Product Management, Category Management, Order Management, Customer Management, Inventory Management, Banner & Offer Management, Blog Management, and Dashboard Analytics to efficiently manage the entire e-commerce platform.
- Implemented responsive user interfaces, dynamic product filtering, secure user authentication, order processing, and optimized database operations to deliver a smooth and scalable shopping experience.

Cyra Crafts — Statue & Handicraft Sales Website

- Developed Cyra Crafts, a Statue & Handicraft E-commerce Website using Core PHP, MySQL, HTML, CSS, and JavaScript, featuring Home, Shop, Product Categories, Product Details, Search, User Registration/Login, Shopping Cart, Checkout, Order Tracking, and Contact pages.
- Built a comprehensive Admin Panel for managing products, categories, orders, customers, inventory, banners, offers, and website content, enabling efficient day-to-day store operations.
- Designed a clean, responsive user interface with advanced product filtering, search functionality, secure order processing, and optimized database operations to provide a seamless online shopping experience.

EDUCATION

Bachelor of Engineering — Computer Science and Engineering

Sembodai Rukmani Varatharajan Engineering College (Anna University) | 2020 – 2024 | 79%

CERTIFICATIONS & TRAINING

- AWS Solutions Architect Associate — Kalvi Institute Private Limited, Madurai (Sep – Oct 2024)

AREAS OF INTEREST

- **Full Stack Web Development:** Building end-to-end web applications using PHP, HTML, CSS, JavaScript, and MySQL with secure backend integrations.
- **Backend Development (PHP & MySQL):** Creating scalable backend modules, admin panels, secure CRUD operations, and efficient database management.
- **Cloud Engineer / AWS Focus:** Implementing and supporting AWS cloud infrastructure, building cloud-native applications (Lambda, API Gateway, DynamoDB).
- **Cloud Solutions Architect:** Creating technical roadmaps and defining cloud architectures based on AWS.
- **AWS Cloud Migration Specialist:** Planning and executing cloud migration projects to move workloads to AWS.

ACHIEVEMENTS & EXTRACURRICULAR ACTIVITIES

- Certified & Awarded First Prize in a technical debugging event.
- Presented three paper presentations; awarded Second Prize and two Best Paper awards.
- Second Prize in an essay writing competition at the 12th National Voters' Day Celebration, 2022, Nagapattinam.

CORE ATTRIBUTES

- Problem-solving & critical thinking • Teamwork & collaboration • Time management • Strong communication & ability to work in a team • Adaptability & flexibility

Declaration

I hereby declare that all the above information is true to my knowledge. I believe this resume accurately reflects my classifications and atphatsons for the Full Stack Developer Role.
